

Aluminum Slatted Privacy Screens

Our slatted privacy screens are no maintenance and a beautiful finish to any home. These privacy screens come in in a variety of ways to suit your home and your budget:
DIY//Fully welded in channel//Fully framed//Timber look//Louvered

D.I.Y

The DIY slatted privacy screens come in two kits; black and silver or powder coated.

Black and Silver

The black and silver system utilises the glass post channel, which fits the 65x14 slat. This is a no screw system that uses seating block as spacers.

Estimated \$100/m2

Powder coated

DESCRIPTION	LENGTH	PRICE
65X16 SLAT	PLM	\$7.00
20X20 CHANNEL	PLM	\$5.00
50X50 POST	PLM	\$14.00

The other colour system uses the 20 x 20 channel which fits the 65x16 slat. We will cut to size, but assembly is required on site.

Estimated \$100/m2

Timber look

Timber look slats are a no maintenance alternative to the traditional timber screening. The timber look fully framed is from \$280/m2. A frame must be welded in the color you nominate (not timber look) and then we will cut and rivet the slats on for you

DESCRIPTION	LENGTH	PRICE
65X16 SLAT	5800	\$54.30
20X19 CHANNEL	5600	\$26.05

Welded in channel

For an inexpensive welded screen there is the option of just slat weld-ed into side channel 20x20 this is from \$150/m2.
